

UNITED FRATERNITY TO GIVE EASTER DANCE

Committees have been named by the United Fraternity for the annual Easter dance to be held Tuesday evening, April 6, at the state armory. Invitations will be sent out within a short time. The dance, always the biggest event of the fraternity social year, is expected to eclipse the brilliant affair put on during Easter week last year. The general dance committee is composed of William J. Bixler, chairman; J. Wylie Driscoll, Robert D. Adams and James A. Darr. The invitation committee is composed of Walter Morton, G. Cary Shedd, Walter DeBolt and David Wertheimer. On the decoration committee are Edward Sudzik, H. D. Bixler, Harry DeBolt and James M. Driscoll.

The fraternity is giving a dance at the Macabee hall on St. Patrick's night for members of the club and a few friends.

Meeting Night is Unchanged.
At a well attended meeting of the Daughters of Isabella held last night in the parochial school hall it was decided to change the regular meeting night to the second and third Thursdays of each month. As a result of the change the attendance at the meetings is expected to increase as the new meeting night will not conflict with many of the meetings or local arrangements. Several important plans for the general improvement of the society were adopted.

Lenten services will be held Wednesday evening at 7:45 o'clock in the Trinity Episcopal church house. Choir rehearsal will follow the service. The vestry of the church will meet Thursday night in the church house.

Harold Bauer is one of the greatest pianists ever before the public. He plays correctly, beautifully and interestingly. His art is characterized by variety, touch and keenly artistic phrasing. His successes throughout the world present an impressive record. There is no European musician in which the mastery has not been recognized, none in which his artistry has not left its impress.

A. L. R. Party.
Plans are well under way for the party to be held Saturday afternoon in Pritchard's hall by the Phil Froese chapter of the Daughters of

American Revolution, the proceeds to be for the benefit of the Armenian Relief society. The committees in charge are untiringly working towards the success of the party and the proceeds being for a worthy cause, the affair is deserving of a large patronage. Cards, fancywork and other amusements will be provided for the entertainment of the guests. A number of out of town members and guests are expected to attend.

Mr. Alter said that, if council will support it, a band of 50 pieces could be organized of home musicians. He was informed there has been no appropriation for the support of the military band.

NUXATED IRON IS USED BY OVER 3,000,000 PEOPLE ANNUALLY TO HELP BUILD UP THEIR HEALTH STRENGTH AND ENDURANCE

Look around at the men and women you meet in a single day. One glance is enough to tell the ones with plenty of rich, red blood, strength and physical energy to back up their mental power and make them a success in whatever they undertake.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (1920-22), New York, and the Westchester County Hospital, says that to help make strong, keen, red-blooded Americans there is nothing so valuable as organic iron—Nuxated Iron. It often increases the strength and endurance of weak, nervous, run-down people in two weeks' time. It is conservatively estimated that Nuxated Iron is now being used by over three million people annually, and it has been used and endorsed by such men as U. S. Commissioner of Immigration, Hon. Anthony Carmichael, also United States Judge W. A. Rorer, and others. Nuxated Iron is dispensed by all good druggists everywhere.

It is surprising what an effect well chosen furniture will have on an otherwise unattractive room. How a few pieces of good furniture will transform the dullness of it, and give to it that air of gracious well being and distinction.

Take for instance your living room—it should first of all express solid comfort combined with simple elegance and good taste.

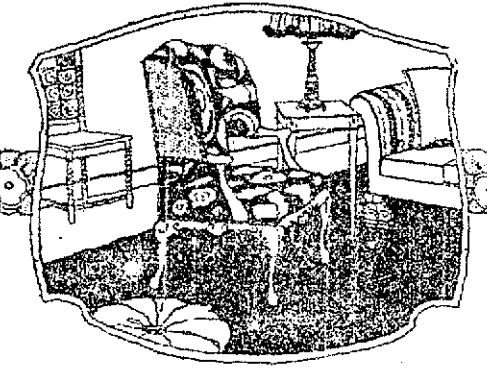

But we feel sometimes that even though we know how a room should be dressed that it costs a great deal of money.

In our store you will find arm chairs, rockers, club chairs and davenport of ample proportions, upholstered in rich Velours, Damasks, Leather and Tapestry over springs that give solid comfort.

And such pieces are not beyond your means as is shown by the low prices they are marked.

Here is furniture that is suitable to adorn any living room. It is the latest creation of one of the foremost furniture designers in the country, and is a suite that will be a joy to those who own, and the envy of those who see it.

This is only one of many which you will find on our floors, and it will be a pleasure for us to show them to you, assuring you that there will be no obligation on your part to buy unless you wish to do so. You are to be the judge as to whether you want it or not.

WEDNESDAY, EVEN'G, MAR. 10, 1920.

EMPHASIZES NEED OF A GENERAL HOSPITAL.

The information presented to the city council as the result of Councilman Cypher's inquiry into conditions at the Cottage State hospital establishes no fact more clearly than that this institution has become inadequate to meet the needs of the community. It was intended to serve as a general hospital, but has become a place where the sick are crowded together, and where the medical staff is unable to give the proper care to the patients. The need for a general hospital is emphasized by the fact that the Cottage State hospital is now a place where the sick are crowded together, and where the medical staff is unable to give the proper care to the patients. The need for a general hospital is emphasized by the fact that the Cottage State hospital is now a place where the sick are crowded together, and where the medical staff is unable to give the proper care to the patients.

If, as the superintendent asserts, there is "something radically wrong" with the hospital, a request to the State Board of Charities to conduct an inquiry would no doubt receive prompt attention. Such an investigation would be made with due authority and would settle certain disputed matters while making still clearer the need of larger and better hospital facilities which, after all, is perhaps the underlying cause of most of the complaints now being made.

"OBSTINATE PRIDE OF OPINION."
By the ultimatum of "league or no league," President Wilson has given the Senate in his letter to Senator Hitchcock, the Peace Treaty and League of Nations covenant will be dragged into the mire of a political campaign unless the senators who have thus far refused, like the President, to accept the League reservations, display sufficient courage to throw out the White House decision and accept their obligations to the people—their fealty to a party leader—requires them to do it. If persistent in their attitude a ratification will be impossible in which case the responsibility for the consequences must rest where it has rested from the beginning—with President Wilson and his subservient partisan followers.

If ratification fails "the result," says Ex-President Taft, "will be that he who helped to make the treaty will break it, and all because a co-ordinate branch of the government, as essential under the constitution to the adoption of the treaty as he, a truly faithful on a different form of words from his own. This is the personal policy of rule or ruin."

"If Mr. Wilson and Mr. Hitchcock think that this is to make a winning fight for the Democratic party in the next campaign, they are counting without their host." If Mr. Wilson and Mr. Hitchcock think that in heating the treaty over a mere form of words and absence of substance they are going to secure division in the Republican party, they are greatly mistaken.

"When the suffrages of those Republican voters who have been impatient with Republican senators are sought on the ground that the course of the Republicans prevented the ratification of the treaty, the full and satisfactory answer will be that Mr. Wilson had the matter in his own hands, and, in his obstinate pride of opinion and partisan unwillingness to give his political opponents the small triumph of having their form of words in the treaty rather than his, he destroyed a great world cause."

"Further promises of reduction in the cost of living would fall on deaf ears because the people have had their experience with such promises in the past. All of which have been unfulfilled." This is not as some may suppose, an excerpt from a Mitchell Palmer platform, but a testimonial from the miners of the anthracite region as to the failure of the Department of Justice's campaign to bring the cost of living within the reach of plain people.

"Somebody" must be industriously engaged in "pulling the plug" out of that defunctly located member of the "misleading press." How can we otherwise interpret our frantic and innocent contemporary's sad refrain: "And soon no more liquor of the old brands!"

The declaration of the bituminous miners that they will refuse to accept the award of the Coal Commission is an advance in water, not provided and notice by the anthracite workers of their intention to ask a 60 per cent increase, tends to remind the producers that life is one demand after another.

Citizens can help, but the best boosters for Company D are its own five, wide-awake, faithful and patriotic members. They know how to interpret the "Pep" into recruits and make them feel that while the operation is being performed.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after-effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blanches disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 50c; an extra large bottle, \$1.00. It is not greasy, is not greasy or sticky and is positively safe for tender, sensitive skins.

What 1920 Means to BELL Service

THAT we are unable to meet our 1920 obligations with the income derived from the present pre-war rates is not difficult to understand.

That the service would inevitably suffer should there be no relief has been said more than once. But this is by no means the only difficulty.

At times during the past year we have had as many as 6,000 people waiting for service—partly new subscribers and partly those who have moved their offices or homes to localities where lines were not available.

What does this mean? Merely that in practically every exchange we must have more telephone plant at once.

Can it be secured? Yes, if the rates are made adequate to pay a fair return on the new capital required. Would you invest your money in a business under any other conditions?

Telephone expansion must keep pace with growing population and increasing business activity!

It is not service if it does not serve every one.

THE PARACOUNT.—"WHEN BEARCAT WENT DRY"—A picturization of the much read novel of Charles Neville Buck, is being shown today. The scenes of this photoplay are laid in the Cumberland mountains on the border of Virginia and Kentucky. The thrilling scenes of life in this wild country are pictured with absolute fidelity. Illicit stills, fights, feuds, and love romance are pictured in an interesting manner.

THE SOISSON.—"THE RIGHT TO LIE"—Starring Dolores Costello, the young emotional actress, supported by an all star cast, is an interesting attraction today. Frank Mills, leading man in such screen and dramatic speaking plays, plays opposite Miss Costello. The story has a big home interest. It is a vital and stirring play full of big thoughts that hit straight from the shoulder.

ANTI-SUICIDE CLUBS DOING GOOD WORK

Many Despondent Ones Find Life Worth Living After Talk With Salvation Army Agent.

PITTSBURGH, March 9.—Western Pennsylvania has 12 anti-suicide clubs which are quietly carrying on the work of inducing people not to take their own lives. These clubs are among the Salvation Army's many agencies for grappling with moral and social problems. Practically every active Salvation Army corps in the state has one of these clubs—whether the agency bears the name or not.

State army officials report that local Salvation Army officers frequently are notified of cases of attempted suicide, or of those suffering from morbid impulses. Particulars in these cases come from police, relatives of the distressed persons or through other agencies. When they hear of a case of a person being on the verge of taking his own life they immediately call on the person and give what advice or relief is necessary. By talking things over with the Salvation Army

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people who don't know about this simple remedy to be constantly sniffing and sneezing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcline—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Reported Reminders: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

VARIETY FEATURES WRIGHT-METZLER SPRING-OPENING

Unprecedented Display Greets
Visitors to Big Depart-
ment Store.

All roads lead to the Crawford avenue store of the Wright-Metzler company today, the attraction being the annual spring opening. The store is in festive attire for the occasion, beautiful appointments in keeping with spring prevailing. Every department has on display an unprecedented variety of high class merchandise, depicting the season's most authentic fashions.

Variety is an outstanding feature of fashions for spring and summer, this being noted after viewing the extensive showing of suits, day and evening gowns, blouses, in plain and draped effects, coats, skirts and other wearing apparel. Especially new and distinctly smart are frocks of blue tulle, with the three quarter length sleeve and bare-bottom skirt. Three quarter length polo coat coats are shown in the new shades of blue and tan, irresistibly charming suits, cleverly fashioned of tricot and other fashionable materials, in tailored, semi-tailored, Norfolk and ripple effects are displayed. Suit skirts will be shorter than worn during the winter.

In the millinery parlors there are ever so many charming models to choose from, including the off-the-face hat, the deep-crown hat, the transparent hat, sport hats, hair cloth hats and, in fact, hats for every occasion. Fashionable dress fabrics for spring and summer include sport silks in beautiful shades, novelty silks and cotton printed velvets in a wonderful variety of colors and designs. Leather and velvet bags, novelties in jewelry, gloves, silk hosiery and other accessories so important to the well-groomed woman, were artistically arranged in display cases.

The newest footwear for men, wo-

men and children is on display, while men's and boys' clothing is featuring all the new modes. An Easter toy shop on the second floor is attracting considerable attention.

Lancaster, Pa.—"I was weak and run down, had pains in my head, back and stomach all the time, and bearing down pains. I had used Lydia E. Pinkham's Vegetable Compound a number of times, but it helped me so my mother got me to try it again, and I am now feeling better than I have for years. We were married sixteen years and had no children, but now we have a fine big boy and we always call him our 'Pinkham' boy. The doctor was afraid of my case as I was 41 years old when the boy was born, but I came through all right. You can use this as a testimonial if you wish and I will certainly write to any one who writes to me about it."

Rheumatism

A Home Cure Given By One Who
Had It.

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number of who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of Rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your rheumatism, you may send the price of it one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Don't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

Eastertide

Bunnies and

and an invitation to all good boys and girls to
Visit the Easter Bunny's Home

(Second Floor, Crawford Avenue Store)

Here Peter Rabbit and the Ugly Duckling, Peep-peeps and all the other tiny folks are holding an Easter Reunion and never were so many quaint animal friends of song and story, nor such quantities of sugar eggs ever found in a Connelville Rabbit's nest before.

Here are all the books about these cunning creatures and here they are themselves in toys which will make Easter morning truly memorable for any boy or girl who finds them after the Bunny's mysterious visit—just what good children will want for themselves for their cousins and for their friends.

When Hunting Bunny Nests

One should wear, of course, one's newest clothes.

If there's a dark closet to be explored or pillows piled in Daddy's chair, nothing could be better than a frock of gay plaid gingham or bright colored chambray. One could carry the eggs so safely in a gingham skirt.

But, if there's a chance that Bunny made his nest under the rose bushes or tucked it away in the tulip bed, why then, children should wear their Easter hats and coats—and not forget their overcoats.

EVEN BABY, DEAR, MAY CELEBRATE in the exquisite dresses, silken booties, crisp organdie bonnets and coats and capes, which are so near the Bunny Hutch on the second floor.
